Beginning July 1, 2006, every child enrolling in kindergarten or first grade in a public elementary school in this state, or in a Head Start program in this state, shall receive at least one comprehensive vision examination performed by a state licensed optometrist or ophthalmologist. The examination, or a copy of a prior examination if the child has previously received a vision examination under this section, shall be submitted to the school or Head Start program no later than January first of the first year in which the student is enrolled at the school or program.
